REP. HOLLIS M. GOTT GIVES HIS VIEWS ON CITIZENS' COMMITTEE

As my position in regard to my group, with possibly one exception, has held any elective town office, or through accomplishment or experience is qualified to make an intelligent selection. It may also be said that the majority of the members of that small and headstrong group are not tax payers.

I feel confident that the sane and sober judgment of our serious minded, clear thinking citizens, who are not to be influenced by petty feuds, will assert itself. There is too much at stake to allow the present condition of affairs to continue. The majority of our loyal and conscientious citizens will, I feel sure, express their own opinions, and this will result in the endorsement of candidates who have the respect and confidence of our citizens, and who will be elected on their individual merits and not through such deplorable methods as have been used to date.

HOLLIS M. GOTT, 90 Churchhill Avenue, Arlington.

CANDIDATE PLANS TO BRING FORTH STARTLING FACTS

Kennedy In Battle For Selectman

Thomas D. Kennedy, of Wildwood avenue, Arlington took out nomination papers yesterday afternoon and will be a candidate for Selectman, it was reported last night.

Mr. Kennedy lived here all his life and is regarded as a most capable candidate for the office. He is a director of the Menotomy Trust company and very active in town affairs. He is a member of the Arlington lodge of Elks and the Knights of Columbus.

For the past twenty years, Mr. Kennedy has been in the contracting business and filled two most successful terms on the Board of Public Works.

'Will Withdraw For No One And Will Accept No Compromise,' Mr. Murray States In Answer To Inquiries—Candidate Out To Break Ring Which He Says Controls Town Affairs—Mr. Murray Opposes Elevated Loop For Arlington Centre—Other Candidates For Selectmen.

Whatever hopes any particular group or individual belonging to the Citizens' Committee might have that Arthur Murray, of 10 Milton street, would withdraw from the fight for the office of selectman in the coming Town election were shattered to bits yesterday when Mr. Murray emphatically stated that he was in the fight to the finish.

Mr. Murray stated yesterday that he had perfected a campaign organization which would keep the public enlightened and keep all voters well informed.

Referring to the proposed Elevated loop, Mr. Murray said: "I disagree with the idea of having an Elevated loop in Arlington Centre. This location is not ideal and agitation for the loop is fostered by a group which has real estate interest at stake. Therefore, I am absolutely opposed to a loop in Arlington Centre."

Civic League To Meet Thursday

The next regular monthly meeting of the Civic Improvement League of Precinct 13 will be held at the Peirce School, Thursday, Feb. 2, at 8 p. m. The guest speaker will be Ernest W. Davis, Chairman of the Finance Committee, who, it is expected, will discuss the budget for the coming year.

Looking Inside

The Chairman of the Finance Committee made some pertinent remarks about the budget of the School Committee.

One member of the School Committee objects—says that a five percent cut in pay is enough, and that the ten percent contribution is too much.

Well, he's a school teacher. Says that the teachers are not overly paid now—granted.

Let's look at another side. No one can say that a salesgirl was overly paid and in one great Boston store they have had a ten percent cut and now, today, they got notice of another—twenty percent all told.

(Editor's Note: This feature appears every day in the Daily News. Be sure to read it.)

Rev. John Nicol Mark was the guest speaker before the Chelsea Rotary club last Tuesday.

Since the Citizens' Committee has announced the slate of candidates whom it would endorse, many people have been wondering whether or not Mr. Murray would be asked to step out of the picture and whether he would agree to withdraw in favor of any other candidate. Mr. Murray's emphatic statement was the answer to this question.

Stating that he would go through with his campaign plans, Mr. Murray said: "I have entered this campaign with the hope of breaking up a certain ring which

I don't spend very much on Myself

BUT, believe ME, when it comes to what I smoke, I want it right!

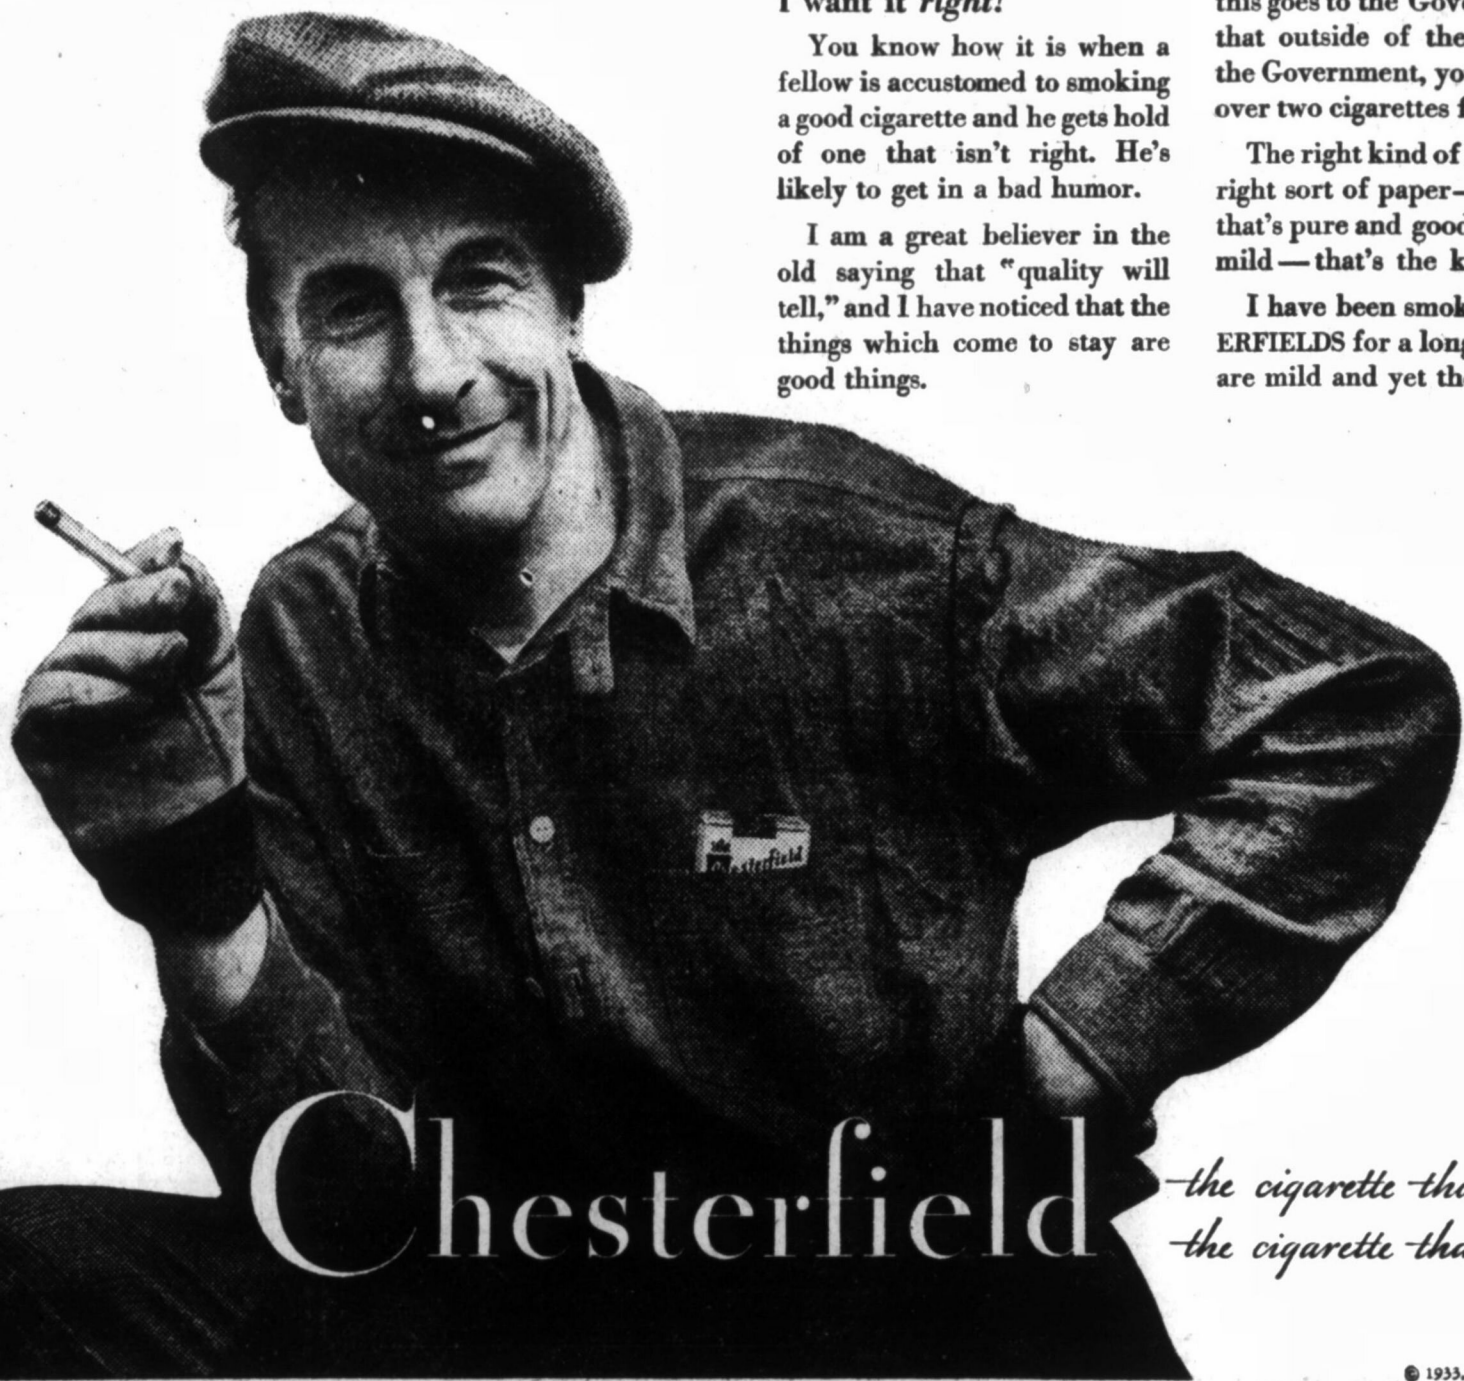

You know how it is when a fellow is accustomed to smoking a good cigarette and he gets hold of one that isn't right. He's likely to get in a bad humor.

I am a great believer in the old saying that "quality will tell," and I have noticed that the things which come to stay are good things.

You can buy a package of good cigarettes for 15c. Six cents of this goes to the Government. So that outside of the 6c paid to the Government, you get a little over two cigarettes for one cent.

The right kind of tobacco, the right sort of paper—a cigarette that's pure and good-tasting and mild—that's the kind I want.

I have been smoking CHESTERFIELDS for a long time. They are mild and yet they satisfy.

Plans For Singing Festival Of Choirs At Boston Opera House

The mixed chorus of Arlington people which is augmented by a group of Medford singers met at noon on Monday evening in the vestry of the Unitarian church. The chorus is working under

the direction of Arthur B. Keene and will sing at the Singing Festival of Choirs on Sunday afternoon and evening, Feb. 26th, at the Boston Opera House. Great choral groups are organizing and are in rehearsal for this event.
Dr. John Finlay Williamson, director of the Westminster Choir School has been engaged

as conductor of the protestant chorus. On Wednesday evening, January 18th in the Crypt of St. Paul's Cathedral, Boston, 500 singers from over 30 Protestant churches assembled for their first rehearsal under Dr. Williamson. The character of their work at this rehearsal indicates the impressive and beautiful music that will thrill the great audiences at the Boston Opera House in February. The second rehearsal will be conducted by Dr. Williamson at

Bates Hall, Huntington Avenue, February 13th at 8 p. m.
Early in January over 600 members of Catholic choirs of Greater Boston met for their first rehearsal under the direction of the Very Rev. William J. Finn, C.S.P. of the famous Paulist choir of New York City. Father Finn's achievement with his immense choir was phenomenal and at the request of the members, Father Finn stayed over a second day and a second rehearsal was held the following evening with

the result that the program is well under way to being the finished musically product which it aims to achieve. Father Finn is coming for the next rehearsal which will be held in Jordan Hall on Monday, January 30th at 7:30 p. m.

The closing program of the Bicentennial celebration at the First Parish church will be held next Sunday. The full program will appear in the News tomorrow.

BUY AMERICAN

Buy American is a campaign that is sweeping the country and it bases its appeal largely on patriotism. It applies at once to all who are Americans or have made America their home. It behooves, not only the public to Buy American, but the merchants and manufacturers to advertise American made goods.

Buy American are the magic words with which you will open the gates of opportunity, because it will be every man's duty, whether he is in business or not, in a small hamlet or a large city, to aid the cause that will help restore prosperity to the United States.

Until proper trade agreements are affected with Foreign nations, and while foreign goods are being dumped into this country, which in spite of the tariff are still sold below American prices, we should continue to do all within our power to provide employment for American labor by buying American-made goods.

IS AMERICAN INITIATIVE and ENTERPRISE A MYTH?

The people of the United States have a reputation for initiative and enterprise.

They start things and they finish them.

They have a chance now to demonstrate their ability as never before.

Everyone is waiting for "business to pick up." But business won't pick up of its own accord. It will pick up when the desire and the determination to do something rises again in our national consciousness.

There are about 25 or 30 million families in the United States. This means that there are some 30 million men who are actual producers.

Payrolls depend on construction activity—the building and upkeep of homes, factories and enterprises which consume every imaginable product.

Building has been going down steadily for the past several years until it has become almost stagnant. Thousands of structures are deteriorating because of lack of repairs, paint, rotting foundations, leaky plumbing, worn out heating plants, crumbling chimneys and a thousand and one other things which have been let go.

Never in years could repair work or new construction be done as cheaply as today.

There are millions of individuals and industries in this country that have savings and are well able to carry on necessary improvements now.

Starting a few million jobs, varying in amounts from ten dollars to a few thousand dollars each, would release an avalanche of money and start the wheels of industry.

Employment would increase; our nation would take heart and commerce and industry would slowly regain a normal stride.

Before long this improvement would be reflected in other nations.

No amount of legislation or political panaceas involving increased taxation and greater public burdens, can do a fraction of the good that the people can do for themselves by exercising our much prized American initiative and enterprise.

Do it now! Investment and employment are cheaper than charity!

The Arlington Buick company has just received four carloads of new Buicks and Pontacs in all the latest models now being shown at the Boston Auto show.

As a feature of the morning service at the First Parish church next Sunday, Dowell P. McNeill will present a special organ program.

THE NEWS OBSERVES

You cannot have government initiative and individual initiative in the same spot at the same time.

Al Zwick of Police Headquarters attracted considerable attention while flying over Arlington Heights in his red plane on Tuesday. He is reported as having made tests in radio controlled flying this week, in cooperation with pilots at the Army Base.

The Technocrats might carry their ideas over into organization work. With less machinery and less organization many societies, organizations, etc., would accomplish more good.

They tell us that the weekly class meetings and prayer meetings of the Methodist Church are old-fashioned and out of date. This may be so but have we found anything in this modern age that can anywhere nearly approximate the good these meetings did while they were in vogue?

People are still wondering how it happened that Mr. Ambrose was defeated for the position of Secretary to the Unemployment Committee after receiving a vote of 8 to 2 in favor of his appointment.

Incidentally we wish to go on record against cigarette smoking on the part of girl and women employees in Christian and Social Work organizations. We have the facts if you want them.

Some Boston Banks are now charging five cents for every check issued if more than fifteen are issued during the month and the balance carried averages less than \$300.00. This charge is in addition to the \$1.00 service charge per month.

In the minds of the public a cheap circular does not compare with newspaper advertising. The circular is glanced at and away while the newspaper is kept until it is read through. Merchants want circulars we can furnish them. We believe however that there is no better advertising medium, regardless of price, in Arlington than the News. With 9500 copies delivered on Friday to every home your message is tied up with local news interest and reaches everybody in Arlington.

With the cooperation of the railroad brotherhoods, the Boston and Maine, and Central Vermont Railroads are keeping 400 additional men employed, by using a "stagger" plan for work in the repair shops and by considering a run as 2,500 miles instead of 3,500 as before, Mr. Gay reported.

Very few of us know of the history and present importance of the Port of Boston. But here's a chance to get some interesting bits of information about the port by viewing the exhibition being held in the Fine Arts department of the Boston Public Library this month. The Boston Port Authority is sponsoring the exhibition.

No business man can succeed who uses a pair of shoes for a paper weight.

Even a kangaroo's life isn't safe these days, the killing of King Solomon indicates. Where can we find an honest business man with \$4500 in his possession nowadays.

Continuous advertising like continuous work is most effective. If there is any enterprise in the world that a quitter should leave severely alone it is advertising. Advertising does not jerk, it pulls. It begins very gently at first, but the pull is steady. It increases day by day, year by year, until it exerts an irresistible power. To discontinue advertising is the same as taking down your sign. If you want to do business, you must let the public know it.—John Wanamaker.

**Sarah Merriam Powers
Will Speak Before
Samaritan Society**

The Mission Circle of the Samaritan society of the First Universalist church of Arlington is sponsoring a delightful entertainment on the afternoon of February 8th.

Mrs. Sarah Merriam Powers will give the first of her series of programs entitled "Our New England Authors in Prose and Poetry."

Mrs. Powers has been a member of the Friends of the Drama for several years and has taken leading parts in many of the Town Hall productions as well as coaching some of the outstanding plays.

Her success as Martha in the Washington Players, in that production of "Two Women and

Washington," makes her new program most attractive and many women's clubs and other organizations have engaged her for this season.

She will be served by the following committee, who are also in charge of tickets: Mrs. Norman Griffin, Mrs. LeRoy Shaw, Mrs. Edward Shinn, Mrs. Lester Collins, Mrs. Florence Feehan, and Mrs. Percy Moody.

At the meeting on February 20th, Mrs. John Matthews, president of the Friends of the Drama will give a book review of "The Good Earth" by Mrs. Pearl Buck.

On February 13 and 27, which are the industrial meetings of the society, the time will be spent in sewing for some Arlington project and the members will bring box lunches. Mrs. Ernest Davis is in charge of this work.

Arlington Kiwanis Activities

Meets Thursdays, 12.15 P. M. at Wyman's

Yesterday's meeting will not be forgotten in a hurry. Our program committee arranged to have A. Stimpson of 40 Gordon street, Allston, entertain us with feats of magic. And entertain us he did; one minute we were all in his confidence and were being taught the intricacies of black magic, the next minute he was pulling wool over our eyes.

Jack Loud made a good assistant; in fact one stout Kiwanian suggested it as a side line for Jack. Give Jack a hand, he'll need another if he tries that trick with four balls again.

F. P.'s idea of having the various chairmen address the members is working out fine. Today we had Warren Guild, chairman of the Educational Committee, say a few words about the work his committee is doing. The idea of this committee is to keep the members posted on "Kiwanis Affairs," and educate them on the ideals of "Kiwanis International." With Warren on the job, we will be kept posted alright.

Next week, our entertainment committee has arranged to have

Linus Travers, Director of Commercial Production of the Yankee Network with us. His talk, no doubt, will be very educational and entertaining; let's all make it a point to hear him.

HEARD AT THE MEETING Franklin is going to have a mustache cup on hand for Lou Bowe next week.

When F. P. called on Deacon Hatch for the invocation, he was heard to reply: "Can't, I haven't got my frock-coat on."

How many members really appreciate Walter's new song about "Pink Elephants?" All those who do, signify in the usual manner.

When the magician had completed his skullduggery Ben Pike was heard to remark "It's fun to be fooled, but it's more fun to know." Ben you either read the papers or smoke Camels, how about it?

Get the Xmas ties out boys for February 18.

**NEWS FLASHES FROM
THE GIRL SCOUT TROOPS**

At the close of the Hostess Course given by Mrs. Johnson to the girls in Troop 8, instead of the regular party as customarily given, the girls served refreshments to the Friday Social Club and also to the Arlington Heights Study Club. This was a new departure and very much a success.

During January the Ladies' Association visited the radio station WBZ and saw and heard the New England Conservatory Symphony orchestra broadcast.

Folk dancing has been resumed and Thursday evenings, beginning next week leaders' training will be given followed by the regular folk dance class.

There are now 295,940 Girl Scouts and leaders in the United States, representing 7.1 percent increase over last year. During the year nearly 14,000 girls qualified for the Health winner badge. Second in the affections of last year Girl Scouts was the First Aid badge, a knowledge of which the girls acquire according to the rules of the American Red Cross. Scholarship came third proving that the girls attended classes regularly, conducted themselves well, had good class standing and showed effort and progress in their work.

Fourth in row was the Housekeeper badge while Hostess came fifth.

Through this column, Troop 7 wants to invite the mothers to the next Scout meeting of the troop to help with the Red Cross sewing. Workers are to bring their needles, white thread and thimbles. Eleanor Hughes is teaching map making in the troop and at the last meeting tea bowls of bulbs were distributed among the girls.

Martha Brown, Troop 1: The older girls in this troop are knitting squares for the Veterans' Hospital while the younger girls are making Scrap books for the Chelsea Hospital in Boston. Beginning next

take charge of the meetings, two each week. Two of the older girls will do Community Service or will help semi-invalids.

Troop 14: The newest and youngest troop, is making slow and steady progress.

There are now forty-nine active workers in the Drum and Bugle Corps. On February 4, the corps has been invited to attend the Girls' Conference at Radcliffe College. They are allotted ten minutes from 8.00 to 8.10.

Troop 9: Troop 9 meeting opened with instruction for the correct procedure of the Color ceremony. This was followed by inspection.

Plans to begin sewing for the Needlework Guild were made and they hope to get started in a week or so.

Scouts who had passed Second-Class Signalling were made "Stations" in the game that followed. This game to Second-Class Scouts is an excellent opportunity to do some real signaling.

**Mr. and Mrs. Robb
Observe Anniversary
Of Their Marriage**

Last Wednesday, Mr. and Mrs. Malcolm L. Robb observed the fifth wedding anniversary of their marriage.

They were married in Arlington and since made their home here. Mrs. Robb was an Arlington girl living here and attending Arlington schools. Her maiden name was Malcolmina Campbell. Her husband was a Somerville man and works with the Henley Kimball Co. since stationed in Cambridge.

They were married on the 50th anniversary of Mrs. Robb's parents who at one time resided in Arlington, but now of Brockton, and on the birthday of one sister, Mrs. Abbie Daily who was maid of honor.

Mrs. Campbell has since passed on but Mr. Campbell is still in Brockton employed at the Brockton Public Market as buyer on vegetables and fruits.

Owing to the illness of Mr. Robb for the past month a very quiet day was observed with a few friends calling and well remembered by cards.
